3. Distance Learning. Tell us your thoughts. Considerations? Concerns? Success? Benefits?
4. Do you as a parent know what the school goals are?

For non-attendees

5. Why don't more parents attend SCC meetings?

*Note: Pū'ōhala SCC recognizes that some parents or community members may prefer to contribute to the discussion by answering the focus questions generally, while others feel more comfortable speaking to the specific ideas laid forth in the academic plan. Both types of contributions are welcome, and the hope is that all who attend the meeting feel comfortable sharing.*
